MESSAGE

**INSTITUTE OF HEALTH SCIENCE
RESEARCH AND ADMINISTRATION**

2023

**GRADUATION,
INDUCTION, INVESTITURE
& AWARD CEREMONY**

DATE:

**FEBRUARY 18TH,
2023**

VENUE:

Owoche College of Health Sciences
and Technology, Bewo, Bekwarra LGA,
Cross River State, Nigeria.

OATH OF ALLEGIANCE

NATIONAL ANTHEM

Arise O Compatriots
Nigeria's call obey
To serve our Fatherland
With love and strength and faith
The labour of our heroes past
Shall never be in vain
To serve with heart and might
One nation bound in freedom
Peace and unity.

NATIONAL PLEDGE

I pledge to Nigeria my county,
To be faithful, loyal and honest,
To serve Nigeria with all my strength,
To defend her Unity
And uphold her honour and glory
So help me God.

STATE ANTHEM

Land of our birth we pledge to thee,
Our love and toils in the year to be,
When we are grown and take our place,
As men and women with our race.

Cross River State our faith and pride
Almighty God all thanks to Thee,
O Motherland we pledge to thee,
Heads, hearts and hands
Through the years to be.

members of Institute of Health Science, Research and Administration at different levels of memberships, but with the same interest, vision, mission and benefits, as well as receiving certificates of recognition and proficiency from African institute of Art, Science and Educational Development Nigeria doubling your medals and putting you all at the centre of Africa progressive club.

The Institute of Health Science, Research and Administration of Nigeria is approved by Federal Ministry of Justice, Ministry of Education and registered with CAMA2020 to be a prime professional body responsible to promote health science, research, management and administration in Nigeria.

This professional body offers unique programs and platforms to produce distinguished and innovative multi skilled professional, the institute admit individuals and organizations with established records in Health Care, Research, Administration and Leadership, providing them with Educational and Professional authority in health care, research, management and administration, our training provides members with recognition, certificates to practice as well as establishing platform for linkage with divers groups of professionals, captain of industries therefore creating opening for business, partnership opportunities, research support and professional advancement. Projecting and positioning members at the centre of global contest, facilitating researches to pending problems.

As a professional body, we are dedicated to the advancement of knowledge and practice of professions by developing, supporting, regulating and promoting professional standard for technical and ethical competence. We are concerned with the public benefits as well as the reputation of our profession.

By extension we promote accredited programs leading to the award of recognized professional and academic certificate, diploma and degrees in partnership, with local and international recognized/accredited bodies.

Our partners include;

- Owoche College Of Health Sciences and Technology BewoBekwarra Cross River State, a renowned, registered and accredited health training institution in Nigeria with state of the art facilities and brands that are widely recognized. Who's premises we are seated today.
- African Institute of Art, Science and Educational Development Nigeria, Registered academic institution responsible for the promotion of Art, Science and Educational Development in Africa.
- Chartered Professional Examinational Board /Institute of Profession of Nigeria, an approved professional examinational regulatory body, accredited to promote profession and academic in Nigeria.
- ESG.Benin University; A university in the Republic of Benin
- ISSIC University Benin.
- Cambridge academy of professionals. An accreditation body for the regulation of professions in UK.
- National Health care prouder solution in affiliation with Institute of Medicine U.S.A. Accredited professional body approved to provide globally recognized online medical and health Education.

The IHSRA membership is a sure advantage in gaining the professional recognition required for occupying any management, leadership or administrative position; whether you are looking forward to a career that ends in top management—or you are looking to securing a professional recognition in order to qualify for more rewarding management roles; or you are aspiring to becoming a top executive whose continuous professional development is worth the taste, this is the professional body of choice.

From this moment of your induction you have become uncommon personalities and you shall all excel in all you do.

May God bless you all!

God bless the Federal Republic of Nigeria.

Thank you all.

BOARD CHAIRMAN OPENING SPEECH

*The Hon. Minister of Education,
The Hon. Minister of Health,
The Governor of Cross River State,
The Paramount Ruler of Bekwarra L.G.A and his Royal entourage,
Political Leaders,
Religious Leaders,
Our partners and Affiliates.
Management and Staff of Owoche College of Health Sciences and Technology,
The Board of trustees, Directors and Principal officers of Institute of Health Science, Research and
administration of Nigeria and African Institute of Art, Science and Educational Development,
Nigeria, Granddaunts, Inductees/awardees,
Parents and Guidance,
Gentle Men of the Press.
The entire invited guest in your respective capacities.*

I salute you all, It's such a great honor for me to stand before you today in this occasion of graduation, induction, investiture and award given ceremony of Institute of Health Science, Research and Administration of Nigeria in partnership with African Institute of Art, Science and Educational Development Nigeria, this 18th day of February 2023.

To our graduating students we say congratulations for successful completion of your academic program. You are to be conscious that you all are symbol of spirit and aspirations of the new and feature IHSRA that represent talent, excellence, world topmost standard and professionalism. We encouraged you to be productive, employing the knowledge and skills acquired through this program to help humanity. We believe with the orientation you have all gotten, you will represent a brand of civil personalities that will portray qualities of creativity, accountability and craftsmanship, we see in you, job givers not seekers a supportive system to the society. The value of your degrees should be seen in your productivity not in the quality of paper you hold.

The major factors to the retrogressive status of the African Nations is the pandemic of obnoxious and monopolistic mindset of dominating, subduing and manipulating in favor of one or a set to the detriment of the overall population, in your endeavor I encourage you to be fair, honest and committed with resource management proficiency and partnership mindset as it is said to go far, go with others. Do not place yourselves above others, but be shoulders upon whom the weak can lean on. We have done our best to raise you as African hope for a better tomorrow, do your best to manifest this virtue and excel. I wish for all of you unity and purposeful collaboration, a nondiscriminatory system of operation.

To the inductees and awardees, my outmost congratulations to you for emerging from list of so many nominees and applicants who seek admission into this unique body. I must add that you have been offered this opportunity to explore new frontiers of knowledge horizon and become distinguished multi skilled professionals to provide evidence base solution to increasing global problems so, becoming great leaders and bacons of Africa's progress and liberation. You are now men and women with vast and outstanding leadership and career prospect, having topmost seal, recognition and responsibility to promote science, research and leadership. Therefore you are charged to be responsive, proactive, focus, positive, resilient, impactful, confident, innovative, having good communication skills and such other qualities of good leaders.

Let me also say congratulations to the fact that on this occasion you all will be admitted as

VISION AND MISSION

OUR VISION

To be the largest professional body with the capacity and identity to offer evidence base human and capital development to all regardless of background, socio-economic status and such other factors by making competent and successful practitioners in all fields.

OUR MISSION

To bring together professionals, and leaders, develop them to become successful and function proficiently in areas of health care, education, research, management/leadership to innovatively serve the community and offer interventions to increasing global challenges.
